Re: New Programme Staff !

Here at the Ireland-Wales Programme, we constantly look for ways to improve our payment and control processes, and we are delighted to announce that to help with this, we have taken on 3 new Control/Verification staff, 1 in Waterford and 2 in Wales!

The new staff are: Phil Davies, Emma Doran, and Yvonne Williams.

Phil Davies has been seconded to us from the Welsh Assembly Government (WAG), where he spent 8 years as an Investment Grant Manager within the Department for The Economy and Transport, dealing with applications for grant support for Capital Investment, R & D and Tourism projects throughout South West & Mid Wales. Prior to that he worked for over 20 years in the Financial Services sector for Nat West Bank as a Branch Manager and Small Business Advisor. Phil is now based in the WAG offices in Carmarthen, and his contact details are as follows:

Emma Doran completed a degree in Agribusiness and Rural Development in 2000 and then joined Allied Irish Banks, working as a Commercial/Home Loans Lender and Relationship Manager until May 2004, at which time she joined FDC Accountants and completed her Accountancy qualification before joining us in late 2010. Emma's contact details are as follows:

Yvonne Williams has also been seconded to us from the Welsh Assembly Government, where she has worked on various EU-funded Programmes, latterly working as an International Trade Advisor assisting Welsh companies to trade overseas. Yvonne is now based in the WAG offices in Llandudno Junction, and her contact details are as follows:

Yvonne Williams

Mob/*Symudol*: (0044) (0) 7811461090
Email/*E-bost* Yvonne.williams@wales.gsi.gov.uk

Phil and Yvonne will be working with Wales-based partners, performing on-site verifications. Although Phil and Yvonne will be working as a team, it is likely that Yvonne will look after partners in the Northern half of Wales, and Phil will look after partners in the Southern half. Emma has joined our First Level Control team in Waterford and will be performing desk-based and on-site verifications on all partners regardless of location.
